Dear Mr. Galbrun:

**Re: Exemption from Requirement to Hold a Communications Operating Licence**

In reference to your application dated October 8, 2013 regarding the above mentioned. After its review, the Regulatory Authority (RA) has concluded that the service offered by St. James Court Ltd. (SJC) is considered a Private Network and is exempt from the obligation to hold a Class Operating Licence.

I refer you to the Section 4 of the attached obligations of SJC exemption. Violation of these obligations may result in legal ramifications. The RA reserves the right to review your service offering after one year.

Yours Sincerely,

Nakia S.K. Smith
